KEY FEATURES

- ✔ Effortless and hassle-free registration for passenger onboarding of the APP
- ✔ Passengers stay informed with real-time trip tracking, providing live vehicle location, ETA, and stop information.
- ✔ Access a comprehensive trip list, allowing passengers to view and manage all scheduled trips seamlessly.
- ✔ Cancel trips without the need for agency calls with one-click user-friendly cancellation.
- ✔ Passengers or caregivers can easily book trips through the app, and track and manage trips.

The TrustRide App is Fully Integrated with ADEPT IQ™

The TrustRide App smoothly connects with ADEPT IQ for the instant exchange of current trip information regarding passengers, vehicles, and trips. This real-time syncing makes sure that dispatchers, drivers, and passengers always have the latest info whenever they need it.

- ✓ Fully ADA compliant paratransit SaaS solution for streamlined passenger booking, optimized scheduling, and automated dispatch.
- ✓ Real-time vehicle tracking location, ETA and stop information.
- ✓ TrustRide can adapt to the transit agency's needs, allowing features like same-day bookings and including the company's logo and contact details.
